Join us for a cruise through history, a 90-minute narrated Buffalo River History Tour! Hear the story of the Erie Canal, Buffalo's history as the largest grain port in the world and experience the nation's largest collection of standing grain elevators from just a few feet away. Travel along the waterway that made Buffalo one of the biggest and richest cities in the world while you... gaze up at the magnificent structures that drove its growth. Hear the stories of Buffalo's scoopers - residents and immigrants alike - who worked the docks and mills, feeding the nation and the city's "Gilded" economy. Join us for one of Buffalo's most unique cultural experiences – it is one that you won't soon forget!

A delicious Buffet Lunch awaits us at the historic **Pearl Street Grill & Brewery, one of Buffalo's most popular restaurants.** The main building was born in Buffalo's Canal District in 1841 and they are proud of their history and the hard-edge character of the building; their restoration features well worn warehouse floors, oak claw feet, booths, and belt and pulley market fan systems to maintain the historic "feeling."

The restaurant resides in an 1870 building that housed a dressmaking business for almost 50 years and then a hardware for the next 60 years. A restaurant was first started along with the hardware in 1927. The Pearl Street Grill & Brewery was established in 1997.

We will be eating in the Buffalo Lighthouse Room with a deck overlooking the Canal. Our Buffet Lunch includes: Chicken Cacciatore. Chargrilled Flank Steak with mushrooms & roasted garlic sauce, Six cheese bowtie pasta, fresh vegetable medley with herb butter, creamy mashed red potatoes, tossed garden salad with dressings and condiments, warm garlic bread sticks, warm Apple Crisp (served with creamy vanilla bean ice cream, warm caramel sauce and whipped cream), coffee, iced tea, and hot tea.
