

List of KCS Trophies available from the Nunda Historical Society updated 12/1/2020

The following trophies were given to the Nunda Historical Society by Keshequa Central School in 2019. The School was undergoing a renovation project and did not have storage for these 2nd and 3rd place team trophies from the last thirty years. (In most cases they did retain the first place and championship trophies.)

The NHS does have in our collection local school trophies dating back to the 1920s, many of which are on display at the Nunda Museum. But faced with our own limited storage space, the NHS Board decided not to accession most of the trophies. Instead we are offering them to alumni and their families who may have participated on the teams. The trophies that are not claimed will be donated to company that provides recycled trophies to non profit organizations such as the Special Olympics.

The trophies are available on a first come, first serve basis either in person or by mail. There is no charge, but we would suggest a donation to help recycle the remaining trophies. If the trophy is shipped you would pay postage costs.

Directions for ordering:

1. Select the desired trophy (or trophies) from the list below. Please note that although we try to keep the list updated, we can not guarantee the availability of a specific trophy. Also, we have tried to indicate if a trophy is broken or has a part missing.
2. Contact the NHS. This can be done by contacting us by email at nhs@frontier.com or via FaceBook messenger. You can also call 585-465-0971. Be sure to indicate the Box and full name of the trophy or trophies you are interested in.
3. We will check the availability and contact you to arrange pick up or shipping. Those ordering by mail can send the donation and postage cost to our paypal account (nhs@frontier.com)
